Municipal Heritage Property ..... Page 2

Provincial Heritage Property ..... Page 27

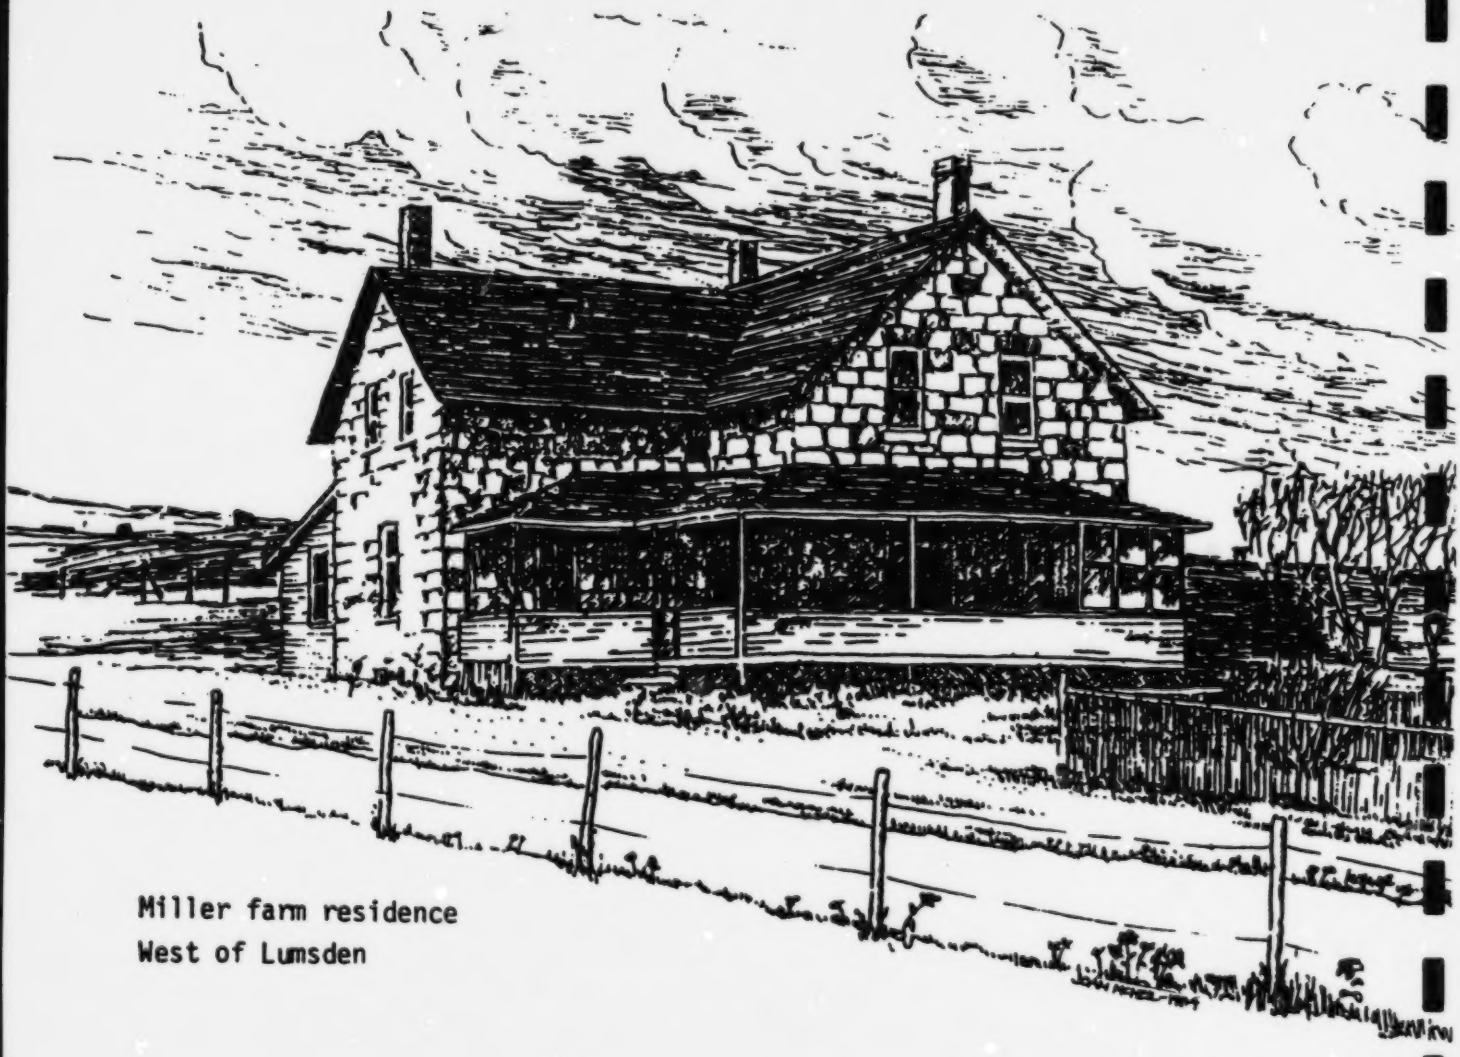
Introduction

Since 1981, when the Heritage Property Act was passed by the provincial legislature, municipal councils and Indian Bands throughout Saskatchewan have passed bylaws officially designating various sites and structures as Municipal Heritage Property. These sites are among the most historically and architecturally important in their community. Likewise, the provincial government has designated some of the best provincially significant sites and structures as Provincial Heritage Property.

The majority of heritage sites in Saskatchewan are of local significance, and if you would like to see a certain building, structure or archaeological site officially designated, please contact your municipal/band administrator for details on how this can be achieved in your community. If you feel that the site is of major provincial importance, please contact the Heritage Branch of Saskatchewan Parks, Recreation and Culture to discuss the possibility of having the site designated as Provincial Heritage Property.

The following listing includes all sites formally designated as Municipal and Provincial Heritage Property, plus those in the process of designation, for which a Notice of Intent to Designate has been issued.

MUNICIPAL HERITAGE PROPERTY DIRECTORY



Miller farm residence
West of Lumsden

Designations Completed:	448
Preservation Agreements, Easements, etc.:	3
Notice of Intent Issued:	19
